Concurrent Exhibition

# Ideate. Innovate. Succeed

India's Dairy Industry has achieved a great success in milk production, processing, conversion of milk into value added products, storage, distribution, marketing and exports of milk products during the last five decades. India has gained the top position in milk production in the world with annual production of 198.40 million tonnes during 2019-20. Milk availability for its population has increased from 170 grams to 406 grams per capita. Today India not only produce enough milk for its consumption but also exports sizeable quantities of milk & milk products.

In India milk production has increased 10 times during the last fifty years and this has been possible majorly due to the innovative & commercially viable solutions developed and adopted by the Indian Dairy Industry.

However, to remain Self Sufficient - 'Atmanirbhar', in future India will have to continuously explore new ideas and focus on innovation in the various streams of dairy industry viz. animal productivity, milk processing, value added products, packaging, distribution and exports.

## Who should participate in the Seminar:

This Seminar will offer an opportunity to all the dairy professionals to get acquainted with the latest ideas & innovations in the milk production, milk processing, packaging, distribution, value added milk products, animal breeding & nutrition. Therefore, the Policy makers of the dairy plants, Managers, Maintenance Engineers, Animal breeders, Animal nutritionist, Product developers, Marketers, Supply chain managers, System developers, Finance managers, Scientists and Students should attend this seminar.

## Present your Ideas, Innovations and Success stories:

The young Scientists, Researchers & Research Institutes, Breeders & Breeding farms, Semen & Embryo developers, IT companies providing Blockchain Technologies, Drone manufacturers & operators can avail this opportunity to present their new findings & innovations which will benefit the Dairy Industry.

The Dairy Research Institutes can present their researches & developments to the end users, Dairy plants & Dairy farms for adaptation. The dairy plants & product manufacturers can also present their requirements to the research institutes and scientists and seek solutions for their requirement.

## Sponsorship opportunities:

Dairy plants and other organisations in the dairy industry are welcome to sponsor the various activities during the seminar.

- Seminar sponsorship: Rs.3,00,000/-
- Lunch for the delegates: Rs.2,00,000/-
- High tea for delegates: Rs.1,00,000/-
- Industrial presentation (30 mins): Rs.50,000/-

*\*Applicable taxes @ 18% GST*

## About us:

### Indian Dairy Association

The Indian Dairy Association (IDA) was established in 1948 with the objective to create a platform for dairy professionals, scientists, farmers, equipment manufacturers and service providers in order to provide them an opportunity for dissemination of knowledge and ideas and to promote the interest of dairying at national and international level by organizing seminars, symposia and exhibitions on a wide range of topics catering to the needs of various streams of dairy industry.

IDA (WZ), with its activities spread over the states of Goa, Gujarat, Chhattisgarh, Madhya Pradesh and Maharashtra is very active and responsive to the needs of the dairy industry of the region. It has been regularly organizing seminars, workshops and meetings keeping all the stake holders updated about latest developments in the dairy industry.
